## **Nardi's 60th Anniversary**

11<sup>th</sup> October 2007

**Nardi-Personal S.p.A.** celebrates its *60th Anniversary* by promoting a special and unique event. On the occasion of "Auto and Moto d'Epoca" Exhibition which will take place in Padova during the period from 26<sup>th</sup> to 28<sup>th</sup> October, by its Stand in the Hall no. 5, will be exhibited 5 Nardi "sports" cars. This is the first time that so many cars can be admired all together.

The "sports" cars built by Nardi during the fifties are jealously preserved by their enthusiast owners: the cars which are presently in Italy are less than ten and some of them are not shown to the public since more than 30 years !

Just on the occasion of this event, the collectors have given their consent to exhibit them all together.

If we consider that the presence at the same time of 2 Nardi cars at the "Monterey Classic 2005" Show has got the honour of the first page in one of the most important magazine for classic cars, with pictures and underlines which praised the event, it is easy to imagine the exceptionality of the new special event which will take place in Padova.

***Still today the "Nardi" name kindles the admiration among the cars' enthusiasts, both for the innovative spirit of the projects and for the clever use of the "Made in Italy" brand, which was used beforehand by Enrico Nardi since the fifties as guarantee of the quality and skilfulness applied for the products he manufactured.***

There will also be a nice surprise, but due to the production in limited edition, it will not be possible for everyone to take advantage of it.
